

# Data sheet

## POP CORN BRIK

### 1/2

- BRIK POPCORN is a highly compressed ball of wool or poplar wood shavings, into which are mixed natural POPCORN, intended for human consumption (without salt, sugar or oil).
- This product is more particularly intended for primates in aviaries.
- It aims to increase the duration of the search for food by the individuals in an attempt to come as close as possible to the conditions existing in the natural environment.
